SPECIALS

Serie DS (Dimple Spacers)

System composed of a PERFORATED BASE with DIMPLE SPACERS and a fastener. The Dimple Spacers at the corner of the plate act as a stopping point during installation, guaranteeing a minimum adhesive thickness of 0,5mm.

Specialinsert® can provide the full Master-Plate® range as DS series.

WARNING: for more information regarding product availability and feasibility, please contact the tech/sales office.
